About Me

Software Engineering student at Daffodil International University with a strong foundation in full-stack web development and systems engineering. Proficient in JavaScript, Java, C, and MySQL, with hands-on experience leading team-based projects like automated inventory systems and service portals. Demonstrated leadership abilities, strong problem-solving skills, and a commitment to building reliable, user-focused applications.

Featured Projects

PharmEx

Pharmacy Inventory System

Team Leader

Electron Node.js MySQL

- ✓ Lead a development team to build a comprehensive pharmacy inventory and expiry management desktop system.
- ✓ Implement core features including automated tracking, billing, supplier management, and medicine search.

CampusConnect

Student Service Portal

HTML/CSS/JS MySQL Sys. Design

- ✓ Designed architecture for a centralized portal streamlining academic and administrative services.
- ✓ Authored technical documentation including SRS, UML diagrams, and functional requirements.

Smart Car Parking

Hardware Automation

Arduino Uno C++ Sensors

Engineered an automated hardware parking solution programming vehicle detection algorithms and automatic gate control mechanisms using microcontrollers.

Expertise

LANGUAGES

Java JavaScript C / C++

WEB & FRAMEWORKS

Node.js Express.js

Electron HTML5 / CSS3

TOOLS & DATABASE

MySQL Git & GitHub

VS Code

Education

B.Sc. in Software Engineering

Daffodil International University

6th Semester • Exp. 2028

HSC (Science)

Milestone College

Graduated: 2023 | GPA: 5.00

SSC (Science)

Dakshin Bhag High School

Graduated: 2021 | GPA: 4.33

Certifications

OOPs in Java

Programming Hero

Completed: March 2026

Soft Skills

- Problem Solving
- Leadership
- Teamwork
- Adaptability
